

Instructions for acquiring bulletin space

Step 1 - Talk to your priest for permission

Talking points

Introduce yourself.

I'd like to propose that we set aside a space in our bulletin just for pro-life information, as well as a pro-life corner/bulletin board in the narthex.

Why? As a key element of our faith and formation we want to educate our parishioners on the dignity of life and equip them with the tools to talk about these issues.

Would this be fine with you?

I will get resources from Halton Alive and have them ready to give Renata for the bulletin each week. I can take care of setting up and updating the bulletin board each week.

If he says yes, thank him

If he says no or he has to think about it, let him know that you respect his decision and that you will be here if he decides to ok this parish initiative.

Type of content that would go in the pro-life corner

- Pro-life Event details (posters on bulletin board)
- Pro-life Facts (ie: life in womb development, Canadian statistics on abortion & euthanasia)
- Where to turn for help in crisis pregnancy
- Positive pro-life news/advances from Halton
- Pro-life prayer intentions for Halton

Step 2 - Confirm size of designated space with secretary.

(in the bulletin and/or on bulletin board)

Step 3 - Confirm when to send her the information for the bulletin.

(for parish bulletin)

Step 4 - Get resources from Halton Alive.

We'll also supply branding to decorate the bulletin board (headings, colors)

Step 5 - Provide secretary with resources and follow up.
